

What to do with sidewalk chalk?

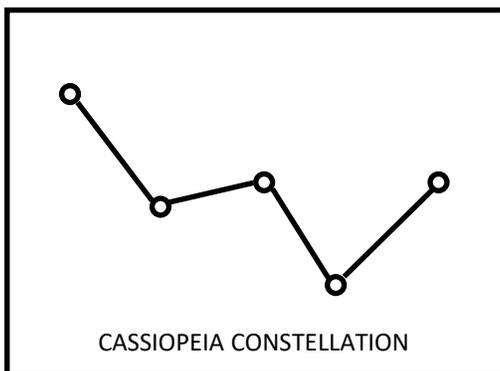

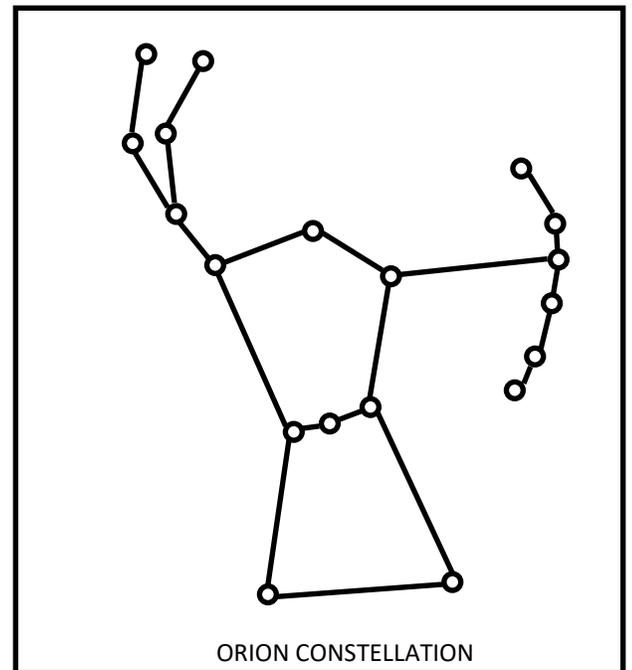

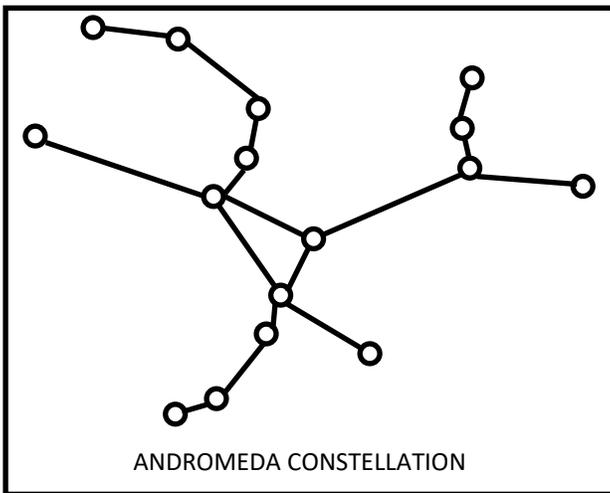

- **Hopscotch: Make a huge game (add in things like “spin around 3 times” or “hop backwards”)**
 - **Constellations: Use rocks as stars and make/copy constellations by drawing the lines with chalk (some suggestions on back of paper)**
 - **Clock-scotch: Draw a big circle clock without the numbers and have someone call out times. Jump to the hour first and then the minutes.**
 - **Make a map of your neighborhood**
 - **Write out the entire alphabet or as many numbers as possible**
-
